

BOĞAZIÇI UNIVERSITY
DEPARTMENT OF MECHANICAL ENGINEERING
ABET SURVEY

ME 263 Thermodynamics I

Semester: _____

Thank you for your time and effort to respond to this survey. Your answers will be used to assess the outcomes of our Mechanical Engineering program.

For each item below, indicate your opinion by giving a score between 4 (Strongly agree) and 1 (Strongly disagree):

		<u>Level of Agreement</u>						
		Strongly agree	Agree	Disagree	Strongly disagree			
Course Learning Outcomes	CLO 1	Students who take this course		Understand the representations of control mass and control volume, distinguish the system from its surroundings, and identify work and/or heat interactions between the system and surroundings.	4	3	2	1
	CLO 2			Able to access thermodynamic property data from appropriate tables and show thermodynamic processes on appropriate thermodynamic diagrams, such as temperature-entropy or pressure-volume.	4	3	2	1
	CLO 3			Recognize and understand the different forms of energy and restrictions imposed by the first law of thermodynamics on conversion from one form to another, and understand implications of the second law of thermodynamics and limitations placed by it.	4	3	2	1
Student Outcomes	a			Have an ability to apply knowledge of mathematics, science, and engineering.	4	3	2	1
	e			Have an ability to identify, formulate, and solve engineering problems.	4	3	2	1

Please mark your attendance percentage throughout the semester

0-25%	25-50%	50-75%	75-100%
